References

Haidar Nuri - VG2 Teacher within IT at Fyrstikkalleen VGS

Email: haidar.nuri@osloskolen.no

About:

Haidar has been following my progress for over half a year and has been engaged in the projects I've been working on. Among other things, he has taught me Azure and followed my completion of the AZ-900 certification. Even though he hasn't been my teacher for the past year, he is still the one who has followed my work most closely and has deep professional understanding within my area of work. Although as of August 2023 he is my form teacher.

Hobbies

Scouts, Skiing, Online gaming, Microelectronics and Programming
